

ENERGY CONSERVATION

Word Search

Name _____

The words listed below may appear horizontally, vertically, diagonally, even backwards. Find them and circle the letters only, not the words. Write down the letters that are not circled, keeping them in order, to spell out an important message from EP-ROAR.

Word List

- | | | | | |
|--------------|---------------|--------------|------------|----------------|
| bike | hot | nonrenewable | rethink | timers |
| conservation | incandescent | oil | reuse | top a pot |
| EnerGuide | kWh | photocell | save | turn down |
| fluorescent | microwave | recycle | saver mode | turn off |
| full loads | money | reduce | solar | waste |
| gas | motion sensor | renewable | thermostat | wattage |
| | | | | wear a sweater |

Secret Message: Fill in the blanks with the left over letters, no unscrambling required.

_____.

Write an energy conservation tip using at least three of the words from the word list.

Your Tip:

Conservation Tips

Conserving electricity helps the environment and can help to reduce electrical costs. EP-ROAR has a few tips.
